Knowledge Take You Further

At Godox, we have always been dedicated to providing a comprehensive range of lighting solutions for filmmakers and content creators. KNOWLED series, in particular, stands as a testament to our commitment to elevating the standards of professional production.

In the dynamic world of film and television production, lighting plays a pivotal role in shaping narratives, evoking emotions, and capturing moments in their full splendor. With KNOWLED cinematic lighting ecosystem, we empower filmmakers with the tools they need to bring their creative visions to life.

Focusing Lights | S60/S60Bi

Projection attachment: project a highly focused and controlled beam of light. This attachment is what enables you to get the utmost out of creativity of Focusing light series for it is specially designed for fitting a vast range of light shaping accessories.

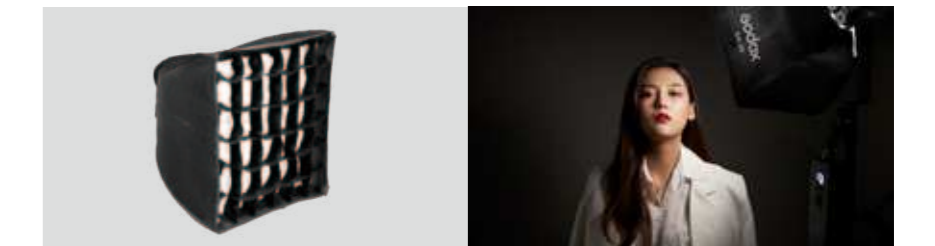

Abundant Accessories

SA-08 Barndoor Set

Barndoor set: to precisely control the light beam as required. There are small clips on the plate for clipping diffusion fabric or gels on.

SA-30/SA-20 Softbox

Offers soft and even light effects.

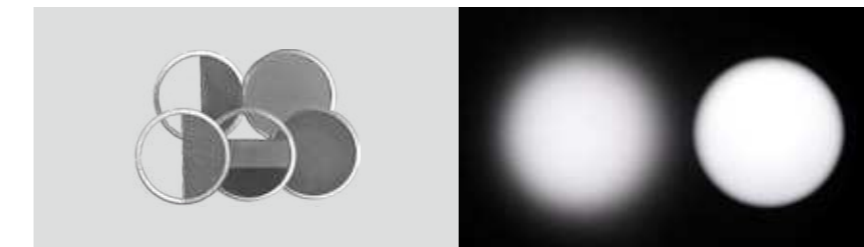

Simulating natural backgrounds

Adding atmosphere for scene

Product shooting

SA-05 Scrim set

To reduce the light intensity and control the light graduation.

SA-07 Scrim set

To reduce the light intensity and control the light graduation.

C5R

- Lightweight and portable
- CCT: 2500-8500K
- RGBWW capable
- CRI≥96, TLCI≥97
- Two independent dials for easy adjustment
- Magnetic back for easy attachment
- 39 FX effects for creative lighting
- Built-in 3000mAh lithium battery for 2-hours runtime at full output
- Wireless/Type-C charging
- Controls: Godox Light App, on-board
- Includes a collapsible diffuser
- Available in an 8-light charging kit

C7R/C10R

- Constant power design ensures stable lighting
- CCT: 2000-10000K
- Magenta-green adjustment.
- RGBWW capable
- Built-in battery for C7R
- CRI≥96, TLCI≥97
- Quick reset of bluetooth connection via on-board buttons
- Precise control via Godox Light App
- Power supply: AC/DC
- Available in E26 and E27 base options for versatile compatibility
- C7R available in an 8-light charging kit

CINE LIGHTING REFLECTOR

High Reflectance

Four Diffusion Types

Varied Sizes

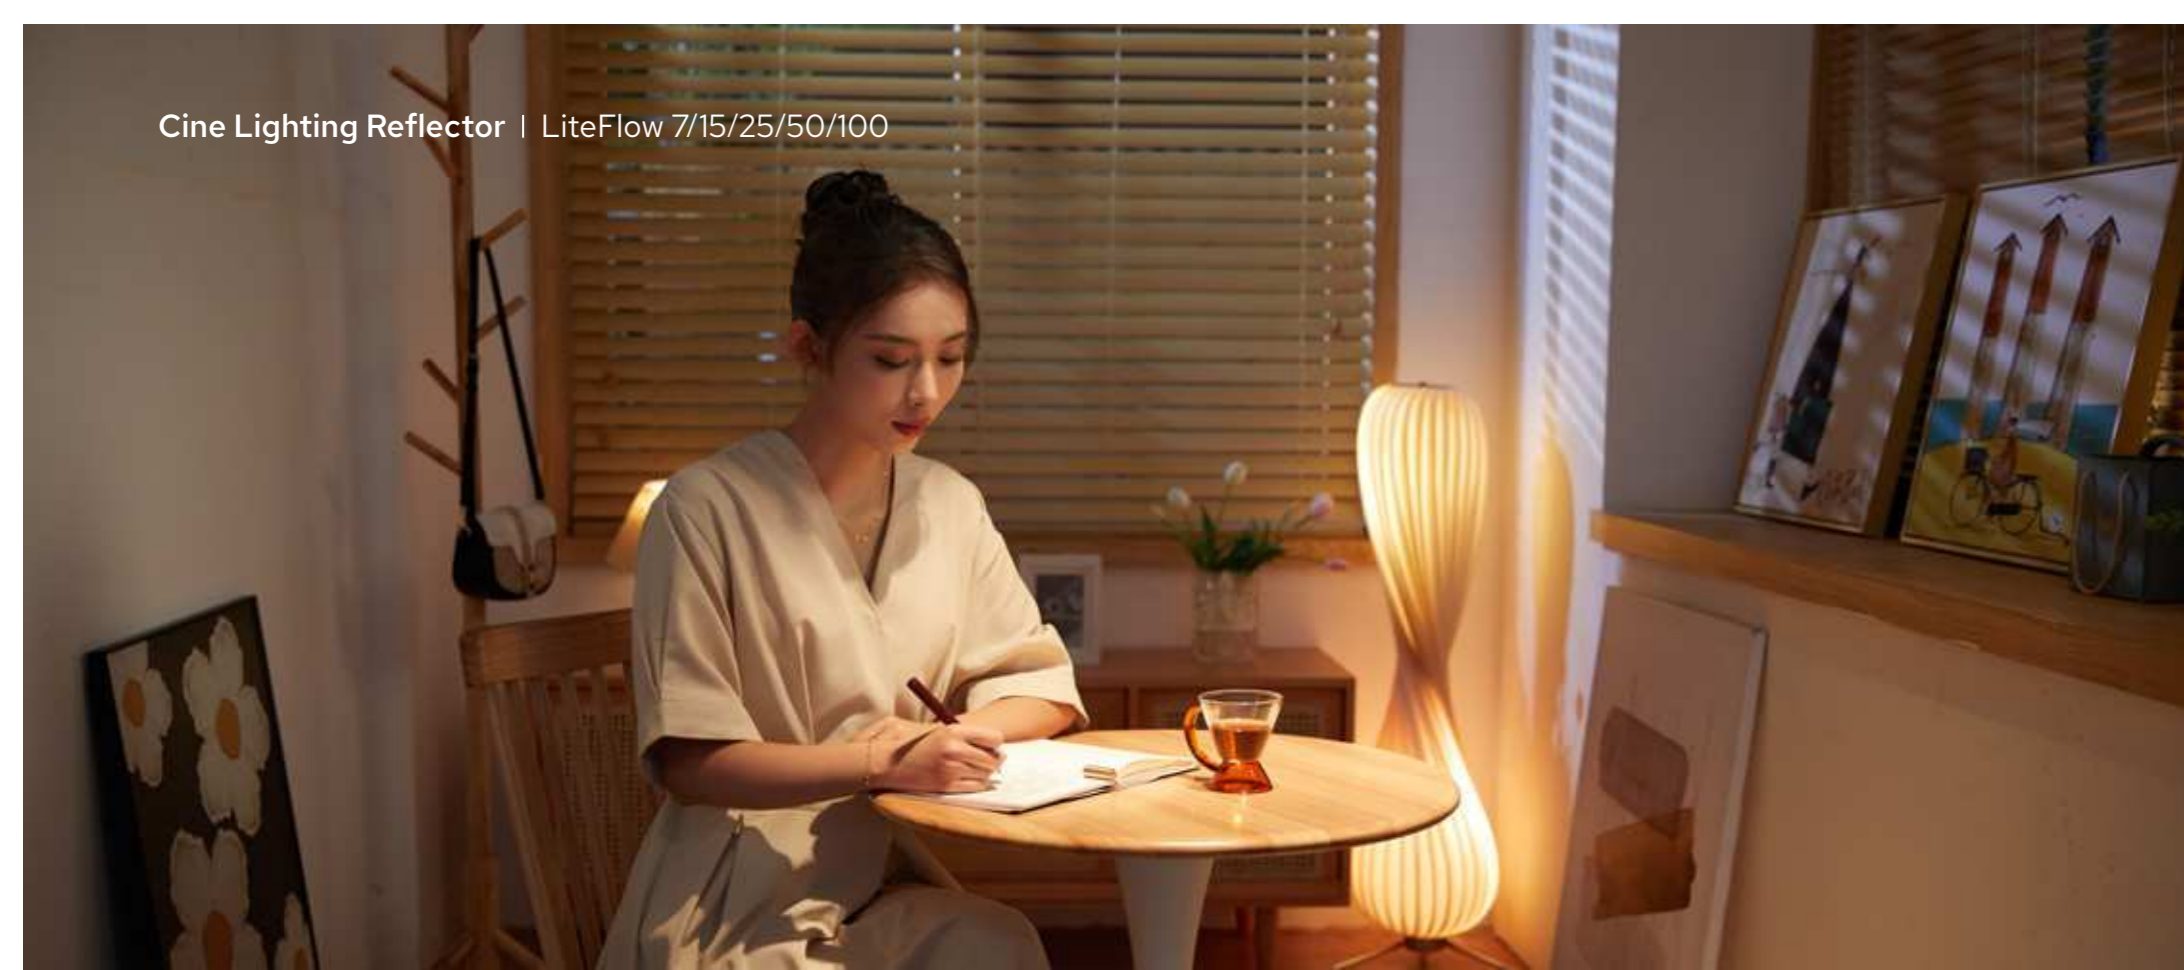

Versatile Applications

Comprehensive Accessories

LiteFlow 7/15/25/50/100

- Exceptional reflectance with a mere 3% power loss
- A variety of diffused lighting effects: D1/D2/D3/D4
- Five size options: 7×7/15×15/25×25/50×50/100×100 cm
- Sleek rail structure with a guide slot design, ensuring seamless installation
- Leveraging the square inverse law to extend the light path
- Effortless adjustments for convenient control
- Directly utilizing natural sunlight to balance lighting contrast, even without artificial sources
- Redirecting a single light source multiple times, reducing the need for additional fixtures and light-shaping tools
- Mimicking natural light decay, guaranteeing even lighting across the illuminated area
- Varying sizes grant you precise control over the illuminated area
- Coming with a comprehensive range of accessories

G-Mount Projection Attachment | GP19K/26K/36K

Flat Bowens Mount Projection Attachment | BP-19K/26K/36K

GP19K/26K/36K

- Evenly intensifying the illumination by times
- Project a crisp and clear beam without aberration
- Easily realizing versatile lighting effects with various accessories
- The rotatable handle allows more smooth and precise control
- Interchangeable lenses in 19°, 26°, 36°
- Efficient cooling system powered through G-Mount

- GP19K/26K/36K Projector ×1
- Gobo Holder ×1
- Gobo Set ×1
- Portable Case ×1
- Lens ×1

Tech Specs

Model	Dimension	Weight
Projection attachment	418*647*727mm/16.5*25.5*28.6" (including lens)	≈11.6kg(excluding lens)
Lens 19°	281*235*289mm/11.1*9.3*11.4"	≈9.94kg
Lens 26°	281*235*289mm/11.1*9.3*11.4"	≈8.41kg
Lens 36°	281*234*287mm/11.1*9.2*11.3"	≈8.23kg

BP-19K/26K/36K

- Works with high-power flat Bowens-mount lights (such as M1000R, M600R, and M600Bi Pro)
- Built-in fan powered directly by the light for active cooling
- Compact and lightweight for easy one-person setup
- 360° rotatable barrel
- Precision optics for sharp, even beams and accurate color
- Three interchangeable lenses: 19°, 26°, 36°

- Projection ×1
- Gobo Holder(VSA-CF) ×1
- U-type Bracket Set ×1
- Storage Bag ×1

SF6090/SF4560 Kit

- Two versions to meet various size needs.
- Easy to store and transport with the carry case.
- Compact and foldable, making setup and usage easy.
- The black nets and one-stop silk can be used to adjust the contrast.
- The black solid fabric can be used to block unwanted illumination or create shadows.
- The two-stop silk can be used to diffuse and soften the light.
- The dots and fingers in black net and solid fabrics allow for shaping light on smaller objects or areas. Ideal for tabletop shooting or situations where larger fabrics are inconvenient.
- The open-edge design provides a softer cut of light and prevents hard transitions due to the edge.
- By finely adjusting the angle of the screen in front of the light, it allows for very changeable light and dark contrast, creating the desired transition.

Bowens Mount Quick Release Parabolic Softbox | QR-P70/P90/P120

QR-P70/P90/P120

- Reflective silver interior to render a punchy high contrast
- Removable inner and front fabric diffusers
- Impressive quick release system for rapid setup and breakdown
- Reliable light quality and various creative expressions
- Bowens mount strobes and continuous light compatible
